A BIT ABOUT ME

Raised in Hong Kong, I have a deep love for Asia and the great outdoors. I'm grateful for the opportunity to build a life, career and community here. I'm passionate about the work I do as a facilitator, and leadership and life coach. I love to connect people and with people in different contexts - sports teams, socially, organisationally. When I'm not working, you may find me hiking or open water swimming - activities that nourish my soul.

MY VALUES

People matter to me. One fundamental belief I have is that people are good. My passion lies in supporting and developing individuals, teams and communities to understand themselves better and live lives where they are true to themselves.
